

清华大学
Tsinghua University

2nd Workshop on "Superlubricity at nano and mesoscales"

15 – 18 October
2019

Shenzhen, China

Organizers

Quanshui Zheng (Tsinghua University, China)

Jianbin Luo (Tsinghua University, China)

Michael Urbakh (Tel Aviv University, Israel)

Contact & Information:

Ming Ma, maming16@tsinghua.edu.cn

<http://superlubricity.com/Events.aspx>

Confirmed Speakers

Koshi Adachi (Tohoku University, Japan)

Gabriel Aeppli (PSI/ETH/EPFL, Switzerland)

Rob Atkin (The University of Western Australia, Australia)

Mehmet Z. Baykara (University of California Merced, USA)

Robert Carpick (University of Pennsylvania, USA)

Bruno Castro (Nature Materials, Nature Research)

Graham Cross (Trinity College, Ireland)

Ali Erdemir (Argonne National Laboratory, USA)

Oded Hod (Tel Aviv University, Israel)

Jacob Klein (The Weizmann Institute of Science, Israel)

Elad Koren (Technion Israel Institute of Technology, Israel)

Jinjin Li (Tsinghua University, China)

Qunyang Li (Tsinghua University, China)

Weimin Liu (Lanzhou Institute of Chemical Physics, CAS, China)

Jianbin Luo (Tsinghua University, China)

Ming Ma (Tsinghua University, China)

Tianbao Ma (Tsinghua University, China)

Ernst Meyer (University of Basel, Switzerland)

Alessandro Siria (Ecole Normale Supérieure, France)

David Srolovitz (University of Pennsylvania, USA)

Norio Tagawa (Kansai University, Japan)

Erio Tosatti (SISSA/ICTP, Italy)

Michael Urbakh (Tel Aviv University, Israel)

Astrid S. de Wijn (Norwegian University of Science and Technology, Norway)

Nai-Chang Yeh (California Institute of Technology, USA)

Junyan Zhang (Lanzhou Institute of Chemical Physics, CAS, China)

Quanshui Zheng (Tsinghua University, China)
